

Winter Wondering Hobby Horse Farm

2026-02-28

The Winter Wondering was held on a sunny day with calm winds and many warm hearts taking the time to wonder around in the snow. Thanks to all who attended and for testing out a new approach to map printing for us here in NS. The printing was a test for COC 2026. And a special Happy Birthday to Troy Smith.

As for the results, like always, some punch cards are difficult to read and others are quite clear – we gave everyone the benefit of the doubt, as best as possible. In Score, points beats time.
